

Secure PHI Transfer Technology

Give your patients access to a secure and expedient completion process for FMLA, short-term, and long-term Disability forms.

PATIENT FORM COMPLETION SERVICES

RRS' Patient Form Completion Services offers **both expertise and relief to busy providers**. From constant patient communication, to follow-up calls from insurance companies, the FMLA and Disability form completion process is time consuming, requires dedicated staff, and demands knowledge of state laws and processes. **The RRS solution compassionately and skillfully manages the entire process** and allows you to focus on what's most important, patient care.

RRS' Patient Form Completion Services is designed to **reduce patient stress and improve satisfaction**. We remove the burden from your staff while our experts manage all of the patient communication. We guide them through the complicated process related to applying for FMLA and Disability and answering questions from insurance companies.

With RRS, patients enjoy the highest level of support, while your team gets the freedom to **focus on administrative and patient engagement activities**.
